Christopher Ciongoli, Inc. has employed the services of CS Stucco and Plaster on various projects since 2001. We have consistently found Todd and company to be knowledgeable and professional in their understanding of our construction style and incorporating their stucco and stone into the overall building envelope.

They have consistently bid on projects with fair prices and no hidden fees. They provide professional workmanship which meets or exceeds the clients' expectations every time. CS Stucco is attentive to the schedule and works well with us and other trades to meet the dead line.
